Work Experience

ALTISSADVANCE TECH PRIVATE LIMITED
Frontend Developer Intern
Jan 2024 - Mar 2024

Project 1 - Whatsapp templates

- Developed a WhatsApp template form that allows users to customize various elements including adding images, videos, files, and text.
- The template features a header section where users can input header text, a body section for adding textual content, and options to include links.
- Additionally, implemented a live preview feature to visualize the template in real-time.
- Collaborated with the backend team to seamlessly integrate code

Project 2 - Live Chat

- Managed the frontend development for the admin side of the project.
- Implemented features allowing users to send images, videos, and documents.
- Worked closely with the backend team to ensure seamless integration of functionalities.

Self Projects

ECOMMERCE WEBSITE (DREAMCRAFTS)

- Created a responsive ecommerce website using React.
- Integrated a **Content Management System (CMS)** to manage dynamic content and product listings, allowing efficient updates and modifications
- Implemented secure user authentication using **Auth0** for seamless login functionality.
- Tools/Technologies used : React ,CSS, Visual Studio Code

CINEMANIA

- Developed a dynamic react app that utilizes the **TMDB API** to fetch and display detailed information about Tv shows and Movies
- This application provides users with an engaging interface to explore and discover their favorite films and television series. Users can search for specific movies or TV shows using the search filters, enabling them to find content based on criteria such as title and more
- Tools/Technologies used : React , Redux, SCSS, Visual Studio Code

Educational Background

M.Sc Computer Science
University Of Mumbai
2022 - 2024
CGPA - 7.44

B.Sc Computer Science
University Of Mumbai
2019 - 2022
CGPA - 8.93

Skills

Technical Skills

- React Js
- Javascript
- Java
- HTML
- CSS
- Bootstrap
- Node Js
- Express Js
- Mongo DB

Tools/Sofware

- Visual Studio code
- Postman

Certification/Short Courses

- React 18 Tutorial and Projects Course (2023)
- NodeJS Tutorial and Projects Course
- Responsive Web Design

Additional Information

- Proficient in using APIs to improve web app functionality and user experience.
- Experienced in seamlessly integrating various APIs into frontend projects for efficient data handling.
- During the internship, developed forms, managed data, collaborated with backend teams, and implemented form validations for data integrity and user input accuracy.
- Additionally, actively pursuing backend development skills with the aim of transitioning into a full-stack developer role in the future.
